

Gulf Coast Association of Geological Societies (with GCSSEPM)

60th Annual Convention ■ October
10-12 ■ Henry B. Gonzalez
Convention Center
San Antonio, Texas

Non-profit exhibitors rent space
at a fraction of what com-
mercial companies pay! This
is a great opportunity to get
your message out!

Exhibit with us! We want you to know how much we recognize the value of the participation by universities, surveys and other government agencies, and sister societies in our scientific and trade exhibition. That's why we are offering a cost-effective way to promote your offerings: **As a non-profit organization, you rent each 10x10 booth for only \$450.** The reverse side of the enclosed application and contract outlines all the services you will receive. Note that non-profits receive one registration – not two – per 10x10, and we assign your location. Otherwise, look forward to the same services and benefits vendor exhibitors receive at less than a half the cost!

Space is nearly half spoken for, so please return the application as soon as possible in order to ensure your participation. Feel free to mail, fax or scan and email it to the contact information below. And a first this year: if you don't want to hassle with paying by check, simply go online once you receive confirmation of your space assignment from us and pay through your "exhibitor ready room" using a credit card – where you can also register your personnel!

We don't want to leave you out. On the contrary, we look forward to having you with us!

GCAGS '10

GREAT new stuff for 2010, including:

Extended hours with no competition from oral sessions

Loads of catered events in the hall in addition to the Icebreaker

Online payment option & enhanced Web presence for exhibitors
